

EpIC - EpiGene3Sys meets INC-Spain to ChromDesign the Genome

Granada, Spain (Paraninfo auditorium)
17th-20th October 2022

We are happy to announce the joint conference
EpiGene3Sys x ChromDesign x INC-Spain

We look forward to gathering this broad community and discussing our common interests and latest discoveries on how epigenetics and genome organisation impact gene regulation and cellular trajectories during development, differentiation and disease.

Registration open until 31st of May 2022!

ChromDesign: MSCA interdisciplinary training network, grant agreement 813327
EpiGene3Sys: CNRS International Research Network
INC-Spain: Spanish network of the International Nucleome Consortium funded by the Science Ministry of Spain.
